

Instruction for integrating Magnetiq Bank payment gateway with **PrestaShop**

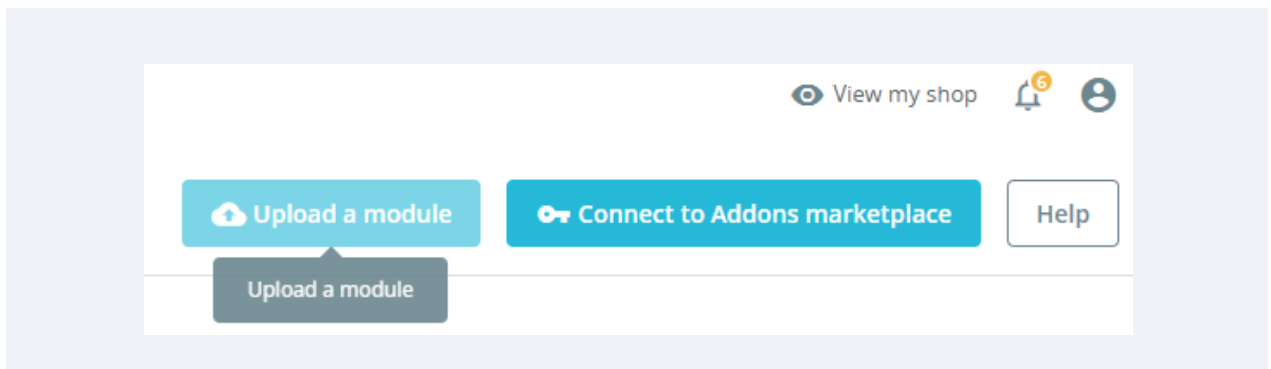

Installation and configuration

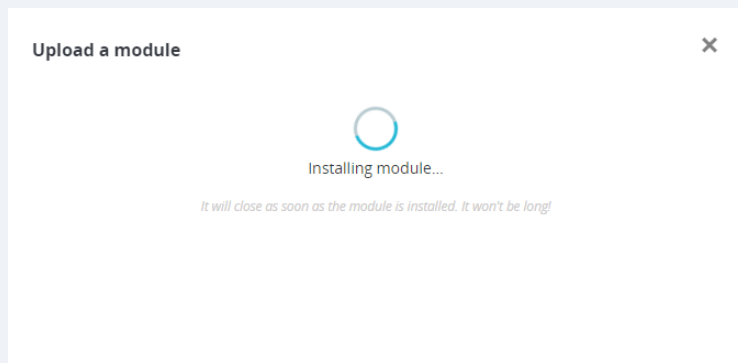

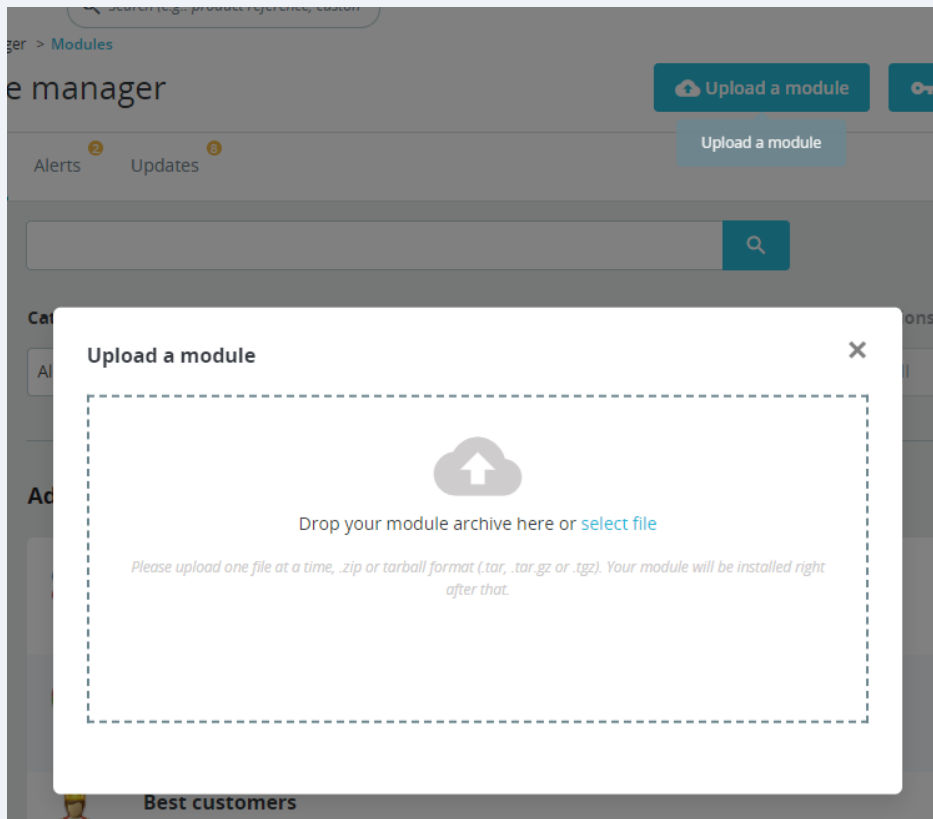

COMPATIBILITY OF THE PLUGIN WITH VERSIONS OF PRESTASHOP 1.7+

1. Download the plugin zip file from:
[\(https://old.magnetiqbank.com/prestashop/\)](https://old.magnetiqbank.com/prestashop/)
2. To install the "Medoro" payment module: in the admin panel, go to IMPROVE -> Modules -> Module Manager.

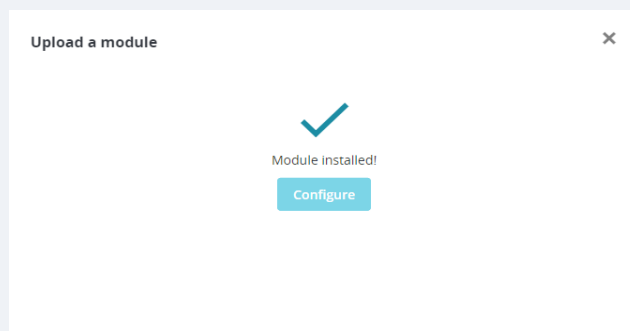

3. Click the "Upload a module" button and select the file to upload.

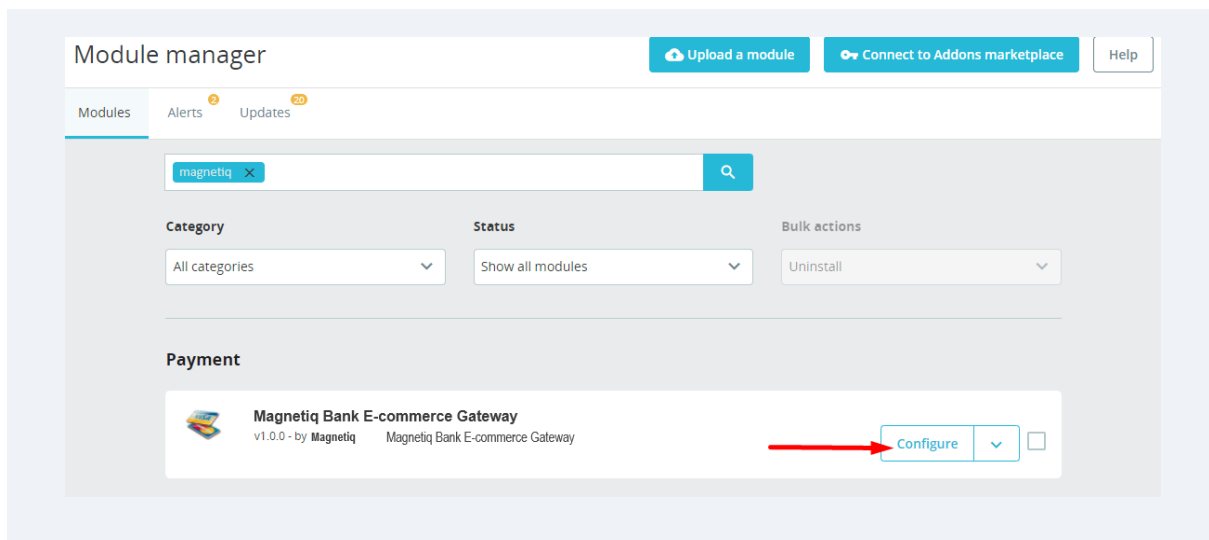

4. After successfully downloading the archive, a message will appear: "Module installed!".

5. Install the plugin via "Configure" button or "Module manager".

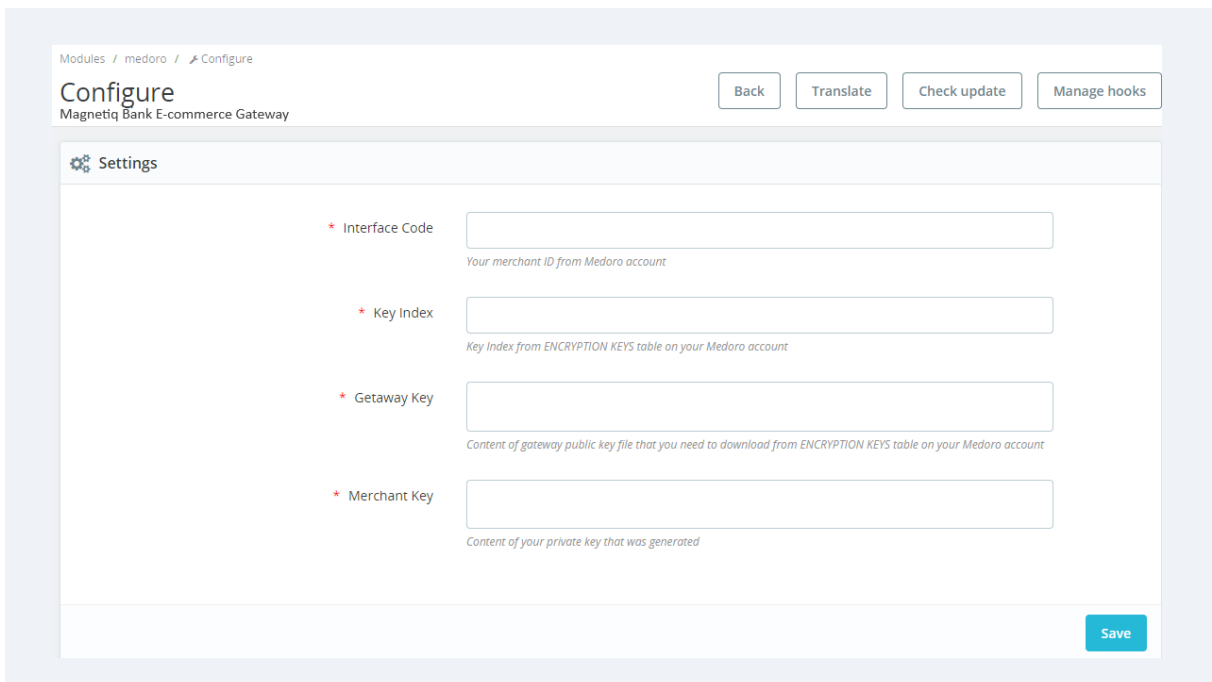

6. In the list, find Magnetiq Bank payment gateway "Magnetiq Bank E-commerce Gateway" and click the "Configure" button.

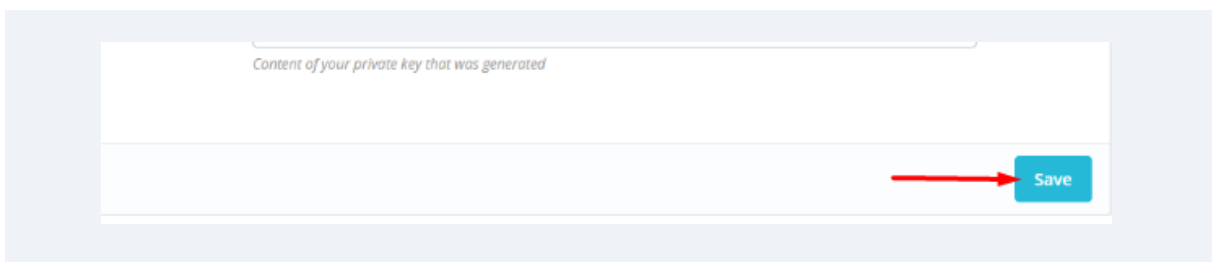

7. Add the following setting in the window appeared:
- **MID (Interface Code)** – it was given to you by the manager when registering in the "Medoro" system.
 - **Key Index** – after you upload the public key issued to you into the "Medoro" system, the key will appear in the list under the number assigned to it.
 - **"Medoro" Gateway Key** – upload the public part of the merchant key to the merchant interface (ipsp.lv → Merchants → your mid → Keys). Then download the public part of the Bank key (Gateway Key) from the same system.
 - **Merchant Key** – it is generated by your IT manager using OpenSSL.

Examples of openssl commands for generating RSA keys:

- `openssl genrsa -out privkey.pem 2048`
- `openssl rsa -in privkey.pem -pubout -out pubkey.pem`

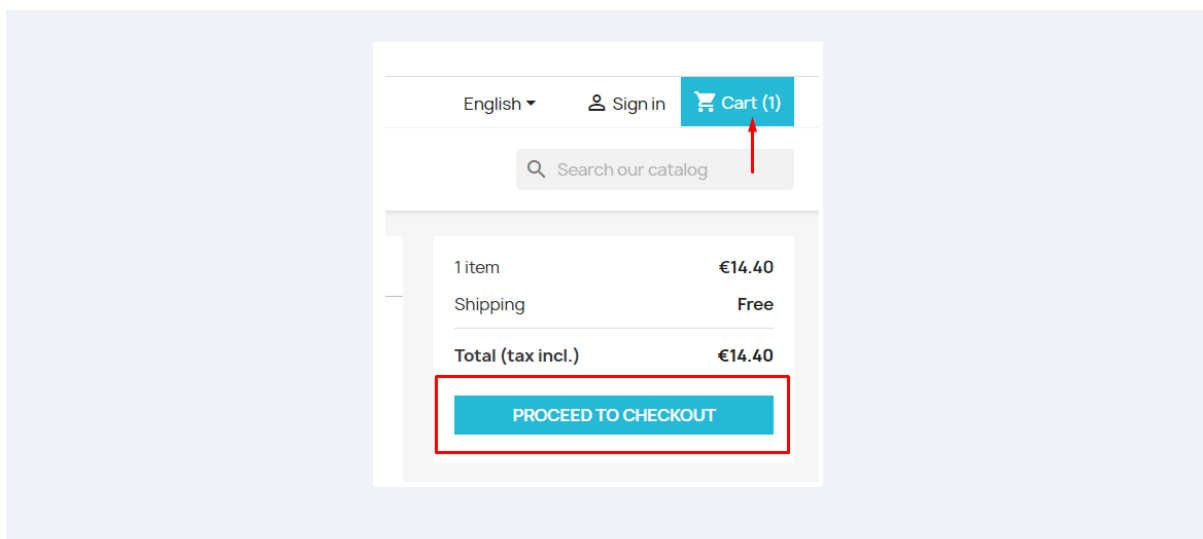

8. Click the "Save" button to save the settings.

Using the plugin

1. Select the required product on the website, add it to the cart and click the "PROCEED TO CHECKOUT" button.

2. Fill in your customer information, shipping information and, in the payment method step, select "Magnetiq Bank E-commerce Gateway".

The screenshot shows a checkout page with four main sections: PERSONAL INFORMATION, ADDRESSES, SHIPPING METHOD, and PAYMENT. The PAYMENT section is highlighted with a green circle containing the number 4. It contains three radio button options: "Pay by Check", "Pay by bank wire", and "Magnetiq Bank E-commerce Gateway". A red arrow points to the "Magnetiq Bank E-commerce Gateway" option. Below the radio buttons is the Magnetiq logo and the text "MAGNETIQ Visa and Mastercard payment methods". A checkbox labeled "I agree to the terms of service and will adhere to them unconditionally." is checked, with a red arrow pointing to it. At the bottom, a blue "PLACE ORDER" button is highlighted with a red rectangle.

3. After all confirmations, a transition to the form of payment by a payment card will appear. The following form will be available from the client-side:

The screenshot shows a "Pay Securely" form for a 1.00 EUR transaction. The form includes the logos for Mastercard and Visa. The transaction details are: "To: TESTA MID MAGNETIQ" and "Description: Test purchase". The "Card details" section contains input fields for "Name on the card", "Card number", "Card expires:" (with "Month" and "Year" dropdowns), and "CSC/CVC". A "Pay now securely" button is located at the bottom of the card details section. A link "return to merchant's website" is visible at the bottom right of the form. The footer text reads "2024 AS Magnetiq Bank".
